**THERMOS**<sup>®</sup>  
 B R A N D

**GENERAL CARE**

- Before first use, wash all parts with warm soapy water. Rinse all parts thoroughly and allow time to dry.
- Contents should not be left in the container for longer than 24 hours. As soon as possible after each and every use, wash all parts with warm, soapy water. Rinse all parts thoroughly with clean water. Allow all parts to dry completely prior to next use or storage.
- DO NOT use abrasive cleaners or scrubbers since they may dull the finish.
- DO NOT use bleach or cleaners containing chlorine on any parts of the product.
- HANDWASH ONLY - this product is not dishwasher safe. Residual liquids, food, or other contents may become trapped between product components, such as lid parts, container parts, gaskets (flexible band around lid and/or stopper), or straws (if present in the product). Hand washing is recommended to ensure that all parts of the product are thoroughly cleaned.
- For maximum thermal efficiency, preheat or prechill the product just prior to use. Fill with hot/cold tap water, attach lid, let stand for 5 to 10 minutes and empty water. After filling container with contents, re-cover with lid to increase thermal efficiency. Never

use a microwave, conventional oven, or other heat source for this purpose.

**ASSEMBLY & USE**

Twist-and-Pour Stopper:

1. Remove lid-cup (A) by twisting anticlockwise. Then, remove twist-and-pour stopper (B) by twisting counter clockwise.
2. Wash all parts separately.
3. Fill container (C) with contents.
4. Do not overfill: Leave space for the twist-and-pour stopper (B), to avoid overflow.
5. Reassemble twist-and-pour stopper (B) in container (C). To pour, rotate twist-and-pour stopper (B) counter clockwise 1/2 - 1 turn. Orient product so pour indicator is pointing down while pouring into lid-cup (A).  
 Note: Twist-and-pour stopper (B) does not need to be removed

\* Image for reference only: actual product may vary

completely to pour contents.

6. Secure twist-and-pour stopper (B) by twisting clockwise until tightly closed.
7. Replace lid-cup (A) by twisting until tightly closed.
8. After filling, always ensure both twist-and-pour stopper (B) and lid-cup (A) are closed and secured tightly to product.

#### WARNINGS

- DO NOT drink directly from container.
- DO NOT drink directly from stopper.
- DO NOT use product in microwave, on stove-top, or in any type of oven.
- NOT RECOMMENDED FOR USE BY CHILDREN: Keep out of the reach of children, especially when product contains hot contents, which may burn or scald.
- Always test temperature of contents before consuming.
- DO NOT overfill the container: Leave space at top of container for lid and stopper (if present), to avoid overflow. Hot contents may burn or scald user if overflow occurs.
- Check periodically to make sure any gasket (flexible band around lid and/or stopper) is present and properly positioned to prevent contents from passing through lid when lid is closed. Missing, worn or misaligned gasket may cause product to leak. Leakage

of hot contents may burn or scald user.

- In general, contents should not be left in the container for longer than 24 hours. However, the rate at which contents spoil depends on several factors. Certain contents that include, for example, dairy and/or tomato may start to spoil sooner. Proceed with caution when using the product with quick spoiling contents.
- If contents are left in the container longer than 24 hours, or you suspect spoilage, use caution when opening the container. Contents spoilage can cause pressure inside the container to build possibly leading to the forceful ejection of the stopper or contents. In such circumstances, before attempting to open the container, ENSURE THE OPENING IS POINTED AWAY FROM THE USER OR OTHER PERSONS TO AVOID INJURY.
- DO NOT use tools or devices to force container to open. If you are unable to open container by hand, do not open it and dispose of it at your local waste facility.
- DO NOT use to store or carry carbonated drinks or dry ice. This may cause lid/stopper and contents to eject forcefully or leak.

#### LIMITED WARRANTY

This warranty is given by UK Thermos Limited. This warranty only applies to Thermos brand products manufactured by or under our licence from us and which have been purchased from a retail outlet within the United Kingdom.

For consumers, the benefits conferred by this warranty are in addition to all rights and remedies provided to consumers under consumer protection laws. This warranty does not exclude, limit, vary or otherwise affect any of your legal rights as a consumer. Our obligations under this warranty are limited to the terms set out below.

We warrant this Thermos brand product to be free from defects in material or workmanship under normal use in accordance with any user instructions accompanying this product for five years from the date of original purchase (the "warranty period"). If any such defect arises and a valid claim is received within the warranty period we will, at our option, repair or replace any product component part that fails to conform to this warranty within 30 days after its receipt by our factory service department. Nothing in this warranty excludes our liability for defective products under the Consumer Protection Act 1987. Subject to the foregoing and except where this Thermos brand product has been purchased by a consumer, all and any liability on our part for any loss of profits, revenues, use, savings, contracts, goodwill or any indirect, special, incidental, consequential loss or damage are excluded to the maximum extent permitted by applicable law. Some jurisdictions do not allow the exclusion of incidental, consequential or special damages, so the preceding exclusion may not apply to you. For information on returning a defective product under this

warranty, please contact our customer care line.
