GENERAL CARE

- Before first use, wash all parts with warm soapy water. Rinse all parts thoroughly and allow time to dry.
- Contents should not be left in the container for longer than 24 hours. As soon as possible after each and every use, wash all parts with warm, soapy water. Rinse all parts thoroughly with clean water. Allow all parts to dry completely prior to next use or storage.
- DO NOT use bleach or cleaners containing chlorine on any parts of the product.
- DO NOT immerse product in water or use abrasive materials for cleaning.
- HANDWASH ONLY - this product is not dishwasher safe.
- For maximum thermal efficiency, all food and drink intended for storage in your THERMOS product should be chilled before packing. Storage overnight in a refrigerator would achieve the best results. The performance of your THERMOS product will be impaired if some of the contents are packed at room temperature. The cooler products are also suitable for keeping food warm.
- Maximum temperature of content should be 75°C.
- DO NOT use product to keep milk or baby products warm. Use of the product for milk and baby products could result in the growth of harmful bacteria.
- Ice cream and dairy products should not be re-frozen after storage

in the product.

- For maximum thermal efficiency, re-fit the lid as soon as possible after filling with contents. Do not leave the cooler open when in use.
- Foods with a high fat content such as cheeses and meat should be suitably wrapped prior to packing in the product.

WARNINGS

- DO NOT use product in microwave, on stove-top, or in any type of oven.
- Always test temperature of contents before consuming.
- In general, contents should not be left in the container for longer than 24 hours. However, the rate at which contents spoil depends on several factors. Certain contents that include, for example, dairy and/or tomato may start to spoil sooner. Proceed with caution when using the product with quick spoiling contents.

ICE PACKS - With THERMOS Cooler products

It is strongly recommended that ice packs are used with your THERMOS brand product. Using more than one ice-pack will improve the temperature retention performance of the article. UK Thermos Ltd offer a range of ice packs ideally suited for

this purpose.

LIMITED WARRANTY

This warranty is given by UK Thermos Limited.

This warranty only applies to Thermos brand products manufactured by or under our licence from us and which have been purchased from a retail outlet within the United Kingdom.

For consumers, the benefits conferred by this warranty are in addition to all rights and remedies provided to consumers under consumer protection laws. This warranty does not exclude, limit, vary or otherwise affect any of your legal rights as a consumer.

Our obligations under this warranty are limited to the terms set out below.

We warrant this Thermos brand product to be free from defects in material or workmanship under normal use in accordance with any user instructions accompanying this product for one year from the date of original purchase (the "warranty period"). If any such defect arises and a valid claim is received within the warranty period we will, at our option, repair or replace any product component part that fails to conform to this warranty within 30 days after its receipt by our factory service department. Nothing in this warranty excludes our liability for defective products under the Consumer Protection Act 1987. Subject to the foregoing and

except where this Thermos brand product has been purchased by a consumer, all and any liability on our part for any loss of profits, revenues, use, savings, contracts, goodwill or any indirect, special, incidental, consequential loss or damage are excluded to the maximum extent permitted by applicable law. Some jurisdictions do not allow the exclusion of incidental, consequential or special damages, so the preceding exclusion may not apply to you. For information on returning a defective product under this warranty, please contact our customer careline.
